

COURSE OUTLINE

Course Title: Gender Based Violence (GBV) in Humanitarian Contexts

Who Should Attend:

International aid workers

Those working with Internally Displaced Persons (IDP's) or refugees

International civil servants

Duration: 3 days

Course Aim:

To create awareness among humanitarian workers concerning GBV, with an emphasis on putting in place procedures to safeguard against abuse of women and children.

Learning Objectives:

- Introduction to GBV:
 - To gain an understanding of the key concepts and basic issues underpinning all forms of gender based violence.
 - To increase the participants' abilities to discuss and integrate these key concepts in ways that will be understood both by their staff and by the community.
 - To gain an understanding of the key concepts and basic issues underpinning women/child protection in humanitarian aid situations.
 - To highlight human rights law and IHL with regards to women/children
- Prevention and Response to GBV:
 - To design effective GBV prevention strategies that address the root causes of GBV, in the context of the unique contributing factors of each setting.
 - To understand the need for basic survivor assistance and how to work with all actors in order to establish this service.
- Co-ordination:
 - Ensuring interagency coordination in response to GBV in Humanitarian contexts.
 - To gain a basic understanding of follow up / referral options.
